BULLETIN NO: 1

DATE OF IMPLEMENTATION: 8 August 2025

In accordance with NCR Ch.3 App.10 Art.4.2 the following is an amendment to the published Technical Regulations for the 2025 Swift Sport Rallycross Championship

CURRENT REGULATION

5.15.5 Vital Equipment has been appointed as the single fuel supplier. All fuel must be purchased from the supplier. The event organisers will operate a refueling zone in which all refueling must take place. Carless Superplus must be used.

NEW REGULATION

5.15.5 Vital Equipment has been appointed as the single fuel supplier with the exception of the exemption given in 5.15.8. All fuel must be purchased from the supplier. The event organisers will operate a refueling zone in which all refueling must take place. Carless Superplus must be used.

5.15.8 For Round 7 which takes place at Valkenswaard on 24/25 August 2025 any Permitted Fuel in accordance with NCR Ch.8 App.1 Art 1.7a (unleaded and super-unleaded) may be used

Reason

Due to the limitation on the transportation of fuel by Ferry/Eurotunnel, the restriction on the use of Carless Superplus has been amended for Valkenswaard only, thereby permitting competitors to purchase compliant fuel locally.
